Compugen Named “2008 Canadian Partner of the Year” and Recipient of “Emerging VAR Award” by Wyse

Wyse Canadian technology partner and its commitment and leadership in the channel community recognized at annual Citrix Summit in Orlando

Toronto, Ontario – 10 February 2009. Compugen is pleased to announce its selection as 2008 Canadian Partner of the Year by Wyse Technology, the global leader in thin computing. Compugen was also recognized with the Emerging VAR Award for Canada. The announcements were made by Wyse at the 2008 fall Citrix Summit in Orlando, Florida.

“We are honoured to be recognized by Wyse in this way. Compugen has worked closely with Wyse to close some significant business in the past year,” said Lou Tetsos, Compugen’s Virtualization Practice manager. “Highlights include our virtualization projects in the BC public sector involving Citrix technology and Wyse thin clients. With the right technology, good planning and our in-house expertise, Compugen has over and over made a compelling case to our customers about the value inherent in our [VirtualONE](#) practice. The result has been an all round winning effort for our customers, our technology partners and for Compugen.”

“A key focus for Wyse is excellence, especially with regard to the quality of our products and partners,” said Ken Shipman, Canadian Country Manager for Wyse. “Compugen embodies many of the key attributes we look for in our partners, and we are pleased to award them 2008 Canadian Partner of the Year as well as our Emerging VAR Award for 2008. We see these distinctions as reflections of their commitment to offer customers reputable, world-class Wyse thin computing solutions.”
